CUSTOM CONFIGURATION

The image shows a person's hands interacting with a laptop screen. The screen displays a web-based configuration tool for van storage solutions. At the top of the screen, there are two tabs: "PRO PACKAGES" and "STARTER PACKAGES". Below the tabs, the text "Select your package:" is followed by six options, each represented by a white van with a different storage configuration and a small inset image of the storage unit. The options are:

- Contractor/Remodeler FS
- Pumber/Plumbing Contractor FS
- Electrician/Electrical Engineer FS
- Telecom/Security FS
- WAC/Mechanical Contractor FS
- Basic/Delivery FS

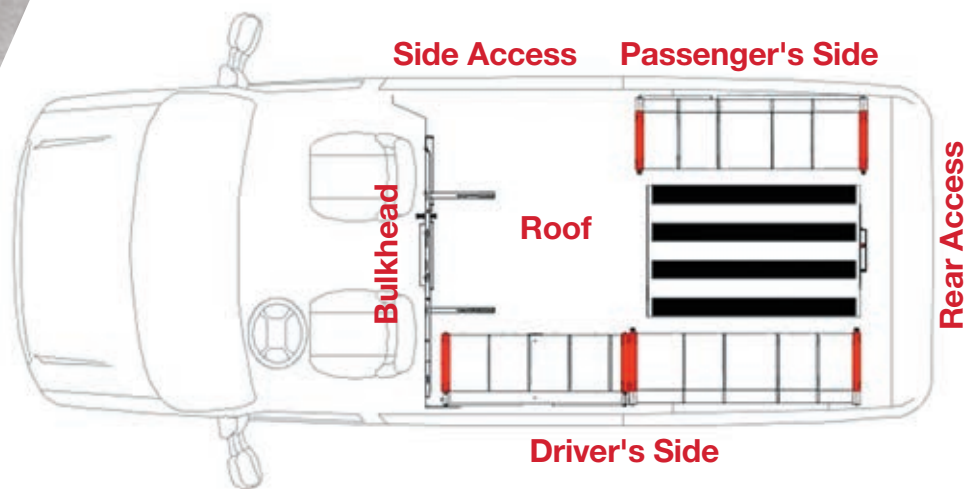

The person's hands are positioned over the laptop keyboard and a yellow sticky note on a desk. In the background, there are blueprints and a green pencil. The overall scene suggests a professional setting where a van is being customized for a specific business need.

YOUR VAN, YOUR PLAN.
